Database & Cloud Infrastructure: MongoDB

Soft Skills: Effective Communication, Teamwork, Adaptability, Attention To Details, Problem Solving.

PROJECTS

1. StudyRoom — Modern Study Room Booking Platform | [Frontend Repo](#) | [Backend Repo](#) | [Live Link](#)

Description: Built a modern study room booking platform with responsive UI, authentication, and real-time booking management for seamless study space reservations.

Key Features:

- **Smart Booking System:** Developed a streamlined room reservation workflow with date and time-based booking management.
- **Responsive Modern UI:** Built interactive and mobile-friendly interfaces using animations and reusable UI components.
- **Secure Authentication:** Implemented protected user access and booking management functionality.

Technologies: Next.js, React.js JavaScript (ES6 +) Tailwind CSS, Node.js, Express.js, MongoDB, JWT.

2. MediQueue – Smart Tutor Booking & Learning Platform | [Frontend Repo](#) | [Backend Repo](#) | [Live Link](#)

Description: A full-stack tutor booking platform that connects students with qualified tutors, allowing users to find tutors, book sessions, and manage learning activities through an intuitive interface.

Key Features:

- **Tutor Discovery System :** Students can search and filter tutors based on subject, experience, and availability.
- **Session Booking Management:** Users can book, schedule, and manage tutoring sessions easily through the platform.
- **Secure Authentication System:** Login/register system with protected routes and user-specific dashboard access.

Technologies: Next.js, React.js JavaScript (ES6 +) Tailwind CSS, Node.js, Express.js, MongoDB, JWT.

Education

Bachelor of Business Studies (BBS)

Sherpur Government College (2023 – 2027)

Languages

- Bangla (Native)
- English (Professional Proficiency)
